

		Monday Sept. 1st		Tuesday Sept. 2nd	Wednesday Sept. 3rd		Thursday, Sept. 4th		Friday, Sept. 5th	Saturday, Sept. 6th		
MORNING	From 9h – 9 am (all the day)	Registration	9h – 9 am to 12h30-12-30 am or 13h30-1-30 am	A1	Silicious rock extraction and prehistoric lithic economies	A21d	Chronostratigraphic data about the Mid to UP Palaeo cultural change in WEurope	A2d	Contextualizing Schöningen implications human evolution during the Mid Pleist	A9b	Study of the Environ&LandscEcono&Social Activities during the UPaleolithic	
	11h-12h30 11 am- 12-30 am			Open Ceremony	A2b	Technological change during the Low-Mid Pleist transition Europe	B33	Environmental & cultural develop. during Low & Mid Palaeo Syrian Desert	A3c	Emergence of warrior societies and its economic, soc&environ consequences	A11f	The Role of Art in Prehistoric Societies
					A2c	What's happening now in Atapuerca?	B34	Archaeometry approach. study of networks of trade in raw materials and techno innovations prehistory & protohistory	A4a	Revolution of 60' Prehistory& Protohistory	A14	Water as generator of networks
		A2f			Pleist human dispersals: climate, ecology&social behavior	B36	Analysis economic foundations supporting the social supremacy of the Beaker groups	A9c	Initial Cantabrian Magdal&question of Magdalenian origins	A15f	Education and dissemination strategies in museums and prehistoric Sites	
	12h30-13h30 12-30am-1-30pm	<u>Opening Lecture:</u> Prof. Kristian Kristiansen <i>Towards a new European Prehistory. The decline of the Neolithic and the Rise of the Bronze Age</i>		A4b	The scientific value of 3D archaeology	B37	Lithic, Evolution, Science	A11b	Late Pleistocene cave art in its context	A16	Aegean-Mediterranean imports and influences in the graves from continental Europe–Bronze&Iron Ages	
				A5b	Azilian on the North European Plain and adjacent areas	B38	Advances in the dating of human dispersals, interactions and extinctions in the Palaeolithic	A15b	Management and use of science data from preventive archaeology: quality control	A17b	Traceological researches and experimental works	
				A6b	Management resources & territories Pyrenees from the earliest human occupation to the end of the Protohistory	B56	Time for the tide: New perspectives on hunter-fisher-gatherer exploitation of intertidal resources in Atlantic Europe & Mediterranean regions	A17a	Recent Trends and Aspects of Use-wear Analysis and their contributing to the Modernization of Archaeology	A20	The intellectual and spiritual expressions of non-literate peoples	
				A7b	Emergence and consequences of technical innovations in America			A18b	Post-Palaeolithic filiform rock art in Western Europe	A21a	Neanderthals on their own terms: new perspectives study of Mid Paleo behaviour	
				A8b	International relations history of archaeology	FREE EXCURSIONS AROUND BURGOS			A11d	Styles, techniques and graphic expression in rock art	A25e	Dynamics of human and cultural dispersals during the Neolithic transition in Europe: Complex Systems and Prehistory
				A9a	The origins of Upper Palaeolithic in Eurasia				A25c	Standing stones and megalithic monuments in context	A26	Southeast Asia: Human Evolution, Dispersals and Adaptation (38)
				A11c	New solutions for old problems: The use of new technologies for the documentation and conservation of prehistoric art				A25f	N-S connections and dis-connections in the prehistory and proto-history Levant	B9	Staring at the ground: archaeological surveys as a research tool in the early 21st century
				A12	Detecting the Landscape(s) - Remote Sensing Techniques from Research to Heritage Management				A28	Paleolithic technology and adaptation in Asia	B13	Mathematical approaches for the study of Human-Fauna interactions in the Pleistocene
				A22	Origins and evolution of Modern Humans Behaviour: a view from North Africa				B8	Hominid-bird interactions in Prehistory. The humankind and the avian world: archaeological evidence for inferring behavioural evolutionary signatures	B18	State of the art of the multidisciplinary research at Middle Pleistocene Qesem Cave, Israel
				A20	The intellectual and spiritual expressions of non-literate peoples				B5	New approaches to the study of Quartz lithic industries	B24	Innovation in the production and use of equipment in hard animal materials: origins and consequences in prehistoric Palaeolithic to Mesolithic societies
	A24b	Coastal adaptation: Assessing past resilient socio-ecological systems		B10	The interglacial Holsteinian eldorado and the onset of the Middle Palaeolithic (400-300 ka)				B28	Technology and the first agro-pastoral societies: ceramic manufacturing and decoration		
	A25a	Materials, Productions, Exchange networks and their impact on the societies of Neolithic Europe		B25	Looking at the sky, walking on the earth. Climatic changes and historical evolution in the Mesolithic and Neolithic of Western Europe				B30	A diachronic perspective of human behavioural adaptations to interglacial lakeshore environments during the European Pleistocene to early Holocene		

VISITS
ATAPUERCA SITES

				A25b Current Approaches to Collective Burials in the Late European Prehistory B2 Biochronology, biostratigraphy and palaeoecology of the European Quaternary (B2PQUE) B23 Beyond the reduction sequence: new insights in lithic technology B35 Paleolithic Archaeozoology: Advances on hunter-gatherer's subsistence B43 Testing social behaviour with novel approaches in the Prehistoric mortuary record of Iberia B14 An Archaeology of fuels: social and environmental factors in behavioural strategies of multi-resource management		B27 "Megalithic biographies": cycles of use and closure B28 Technology and the first agro-pastoral societies: ceramic manufacturing and decoration B39 Paleoanthropological debates on Human Evolution B51 Reconstructing human mobility in the Palaeolithic: building new frameworks B54 Genetic analysis of modern and ancient samples B55 Advances in Archaeological Palimpsest Dissection	B57 Reconsidering the significance of the Acheulian in Human Evolution
	12h30–13h30 12-30am–1-30pm or 13h30 – 14h30 1-30pm–2-30pm	LUNCH (two different turns of 1h)			LUNCH (two different turns of 1h)		

		Monday Sept. 1st	Tuesday Sept. 2nd	Wednesday Sept. 3rd	Thursday, Sept. 4th	Friday, Sept. 5th	Saturday, Sept. 6th
AFTERNOON	14h – 2pm or 15h-3pm to 19h30-7-30 pm	A2a The first peopling of Europe	A1 Silicious rock extraction and prehistoric lithic economies	FREE EXCURSIONS AROUND BURGOS	A2e The Early and Middle Pleistocene succession in the Guadix-Baza Basin (Andalusia, southern Spain): geology, paleontology, archaeology	A11f The Role of Art in Prehistoric Societies	VISITS ATAPUERCA SITES
		A3f 50 Years of Prähistorische Bronzefunde	A2c What's happening now in Atapuerca? A2f Pleist human dispersals: climate, ecology & social behavior		A3e Objects of the dead, offerings from the living: interpreting finds in funerary contexts	A15d The educational activities of archeology and socialization of knowledge	
			A3b Transition from Lithic to Metal – appraisal on global changes		A8a Lobbying for Archaeology (18 th - 21 st centuries). Innovative alliances	A19 Bifacial tools in the Middle Palaeolithic of western Eurasia	
		A4c Underwater Archaeology	A4b The scientific value of 3D archaeology		A9d Human settlement of W Europe during the LGM	A20 The intellectual and spiritual expressions of non-literate peoples	
		A5a The Final Palaeolithic of Northern Eurasia	A7c Climate change and use of animals in South America during the Holocene		A11d Styles, techniques and graphic expression in rock art	A21a Neanderthals on their own terms: new perspectives study of Mid Paleo behaviour	
		A6a Human occupations in mountain environments	A9a The origins of Upper Palaeolithic in Eurasia		A15c Cultural resources, management, public policy, people's awareness and	A26 Southeast Asia: Human Evolution, Dispersals and Adaptation	
		A10 The Neolithic from the Sahara to the Southern Mediterranean Coast: a review of the most Recent Research	A11c New solutions for old problems: The use of new technologies for the documentation and conservation of prehistoric art		A17b Traceological researches and experimental works	A27c The long road to the final transition. Regional dynamics in the western Mediterranean between the end of the LGM and the 8.2 event	
		A11a The chronology of Palaeolithic cave art: new data, new debates	A11e Public images, private readings: multi-perspective approaches to the post-Palaeolithic rock art		A20 The intellectual and spiritual expressions of non-literate peoples	B1 Task distribution in pre- and proto-historic societies	
		A15a Archaeological Heritage Policies and Management strategies	A15e Museum networking in Global communities: experiences in sharing & cooperation in Quaternary & Prehistory Museums		A21c Movements in and Out for Africa: Assemblage variability and population dynamics in NE Africa & SW Asia MSA and Mid Paleo	B18 State of the art of the multidisciplinary research at Middle Pleistocene Qesem Cave, Israel	
		A17c Microscopic determination of hafting technology: use-wear and residues	A20 The intellectual and spiritual expressions of non-literate peoples		A25d Monumentality and territory: relationship between enclosures and necropolis in the European Neolithic	B15 Social complexity in a long term perspective	
		A18a Redefining the Postpalaeolithic rock art in the world	A21b Technological change and behavioral variability in the MSA		A27a Linking Continents: Late hunter-gatherers and early farming communities relationships across the Mediterranean and the Black Sea	B24 Innovation in the production and use of equipment in hard animal materials: origins and consequences in prehistoric Palaeolithic to Mesolithic societies	
		A25g Megalithism in the north-west of the NW Iberian Peninsula	A25b Current Approaches to Collective Burials in the Late European Prehistory		A24a Recolonisation or new landscapes: adaptations and change in the Early Holocene	B46 Iron Age communities in Western-central Europe: new approaches to landscape and identity	

19h30-7-30 pm to 20h30-8-30 pm	B6 Beyond the stones: Inter-disciplinary approaches to interpreting Paleolithic Transitions	A25h Domestication of Plants and Animals in the Near East		A25f N-S connections and dis-connections in the prehistory and proto-history Levant	B48 To come, to go, to stay": ancient DNA and C/N and Sr isotopes analyses as indicators of human relationships during the Holocene	
	B17 Shepherds and caves	B3 Monumental earthen architecture in early societies: technology and power display		B4 Climate change & social change during Late Holocene in arid and semiarid environments: archaeo& historical perspectives	B57 Reconsidering the significance of the Acheulian in Human Evolution	
	B19 Aquatic resource consumption by prehistoric humans	B33 Environmental & cultural develop. during Low & Mid Palaeo Syrian Desert		B5 New approaches to the study of Quartz lithic industries		
	B22 Premonetary currency systems in past societies	B35 Paleolithic Archaeozoology: Advances on hunter-gatherer's subsistence		B10 The interglacial Holsteinian eldorado and the onset of the Middle Palaeolithic (400-300 ka)		
	B25 Looking at the sky, walking on the earth. Climatic changes and historical evolution in the Mesolithic and Neolithic of Western Europe	B37 Lithic, Evolution, Science		B20 Contexts without definition, definitions without context. Arguments for the characterization of the (Pre)historic realities during the neolithisation of the western mediterranean		
	B26 The lithic issues of the Gravettian	B40 Cleaning up a messy Mousterian: how to describe and interpret Late Middle Palaeo chrono-cultural variability Atlantic Europe		B27 "Megalithic biographies": cycles of use and closure		
		B50 Paleoenvironment and early cultural dynamics in the Maya area		B41 Archaeology of the Mesolithic in Europe: the Significance of Fen and Bog Sites		
	B42 The adoption of pottery in Prehistory: a functional perspective	B53 The archaeology of early fire use		B44 Within ditches and walls. Settlements, fortifications, enclosures, monuments, villages and farms in the third Millenium BCE		
		B52 How far is it possible to compare Europe and continental Asia? Focus on Mid Pleistoc. Track record & perspectives
